台灣,是一座島嶼的故事。

入圍四次葛萊美獎、設計過上干張唱片的國內設計大師蕭青陽,

為行經台東這塊土地的普悠瑪號,繪上了8個故事,運用攝影師徐明正的實體圖片和剪紙, 交揉出雙重藝術型態的美。

每當日出之際,萬道光芒從海平面灑亮東海岸,就喚醒了台東、綠島、蘭嶼的活力, 在這片肥沃的土地上,大海與稻田滋育了人們,一列火車,穿過風景與人情, 也串起了真心親切的台灣味。

熱氣球升空、花東縱谷草原的風、海岸線的南島景色、豐饒生命的太平洋、稻米香、豐年祭、第一道曙光與部落之美,是 8 個車廂的主序曲,每節車廂都是一幅畫作與一個故事, 讓馳騁在山林與大海之間的普悠瑪號,成為 2014 台灣鐵路最動人的風景。

# 秋日裡的浪漫記憶 彰化扇形車庫

## Romantic Autumn Memories Changhua's Fan-shaped Railway Roundhouse

全東南亞唯一一座火車頭的旅館,就在彰化市彰美路旁,這也是全國僅存的火車車庫,是 蒸汽機車火車頭完成懷舊之旅後,進駐的扇形車庫。

The only one locomotive lodge in Southeast Asia is here located in Changhua, which is also the only one fan-shaped roundhouse left in Taiwan where steam locomotives are stationed after completing a nostalgia trip.

台灣原有 6 座扇形車庫,在時代的改變中改建、拆除,已紛紛消失,僅存彰化扇形車庫,是用來維修和存放蒸汽機車的建築設施。彰化扇形車庫興建於 1922 年,火車頭停放的車庫共有 12 股道,俯瞰圖就像張開的扇形,因此得名為扇形車庫,當時為了因應台鐵西部幹線海線開通,加上彰化就位在山線與海線交會點,因此保養蒸汽機車的場地就設在這兒。

在車庫內有三輛非常珍貴的國寶級蒸汽火車,分別是CK101、CK124 和 DT668,前兩列分別在 1998 年和 2001 年整修復駛成功後,停駐於扇形車庫。其中 CK101 是當中最老者,製造於 1917 年,1979 年鐵路電氣化後停駛,後來在台北機廠歷時 7 個月的整修之後,於 1998 年復駛成功,完成環島鐵路懷舊之旅,進駐扇形車庫,也是台灣第一輛成功復駛的蒸汽機車火車。

進到彰化機務段後,可看到機務人員忙於保養、維修火車頭,透過扇形放射的軌道及圓形轉盤,火車頭可轉動而方便進行維修;在扇形車庫內,還可看到台鐵人員利用廢鐵 自製焊接的兩具機器人,在這裡拍張到此一遊照,還讓人 以為是雕塑美術館哩。 Taiwan originally had 6 railway roundhouses, but most of them were rebuilt and demolished during the change of time. Changhua's roundhouse is the only one left to repair and store the steam locomotives. Built in 1922, this roundhouse has a total of 12 locomotive parking rails which line up at a fan shape and this is the reason it's named the fan-shaped roundhouse. Changhua is situated at the intersection of the Taiwan Railways Administration's (TRA) coast and mountain lines. In line with the opening of the Western coast line, the roundhouse for maintaining steam locomotives was established in Changhua.

In this roundhouse three very precious steam locomotives are parked, including CK101, CK124, and DT668. The first two were respectively refitted and reverted to operate in 1998 and 2001 and parked into the fan-shaped roundhouse since then. CK101 is the oldest among the three, which was manufactured in 1917 and suspended operation in 1979 when the electrification of the railway was accomplished. In 1998, CK101 was repaired in the Taipei Railway Workshop for 7 months and successfully restarted the operation . It was stationed into the roundhouse after completing a nostalgic railway trip around Taiwan. It is also the first steam locomotive ever to be repaired and re-entered the railway.

You can see the crew is busy with repairing and maintaining locomotives when you enter the Changhua depot. Through a circular turntable and radial patterned rail tracks, locomotives are rotatable for maintenance. Inside the roundhouse, two robots are exhibited and they were made of scrap iron by the crew. They are often thought to be sculpture artworks in the museum when you see them in a photo.

#### 騎單車漫遊 彰化之美

# 内灣車站 漫步客家山城

## Walk along a Hakka town - Neiwan Station

乘著彩繪火車穿山而過,緩緩駛進內灣山城,時間在新舊交融的氛圍中靜止了。遊人如織的老街上,在木造的內灣戲院、范阿嬤野薑花粽的飄香中,慢遊整座山城,處處傳頌昔日客家山庄的溫暖人情與懷舊魅力。

A color-painted train passes through mountains and glides smoothly into Neiwan, where time stays still within the blend of past and modern atmosphere. Stepping into the crowded street to visit a wooden theater or breathe in the scent of ginger flower rice tamale are great ways to wander the entire town. The early Hakka town's warm hospitality and its nostalgic charms can be found in every corner.

在台灣,因礦產、木材而萬干寵愛於一身,又隨著時代變遷而沒落的山城小鎮何其多,內灣,卻很幸運有了二度翻身的機會。每到假日,行駛於竹中與內灣間的新竹內灣支線列車,將人潮一波波送了回來,帶著懷舊與詩意的火車之旅,意外受到鐵道迷的喜愛。

老一輩的內灣人說,油羅溪蜿蜒流經新竹縣橫山鄉,在河 道左側山窩處形成了新月形的地貌和聚落,就是「內灣」 地名的由來,內灣吊橋、攀龍吊橋橫跨於溪上,走上內灣 吊橋,油羅溪河谷景色一覽無遺。

1951 年前後啟用的內灣車站,是台鐵西部幹線新竹內灣支線的終點,過去,擔負起運送山區農產品、礦產、木料的重責大任,現在則是山城旅遊的起迄點,整修後的現代建築,仍保留幾分樸實風味。

下了火車,刷過悠遊卡出站後,向左走,包括內灣吊橋、內灣國小、劉興欽漫畫暨發明館皆在十分鐘路程內;往右走,可一一通往老街、內灣戲院、天主堂、廣濟宮、內灣派出所,自在逛上一大圈,最後總能繞回車站,繼續下段旅程。內灣派出所,高高佇立於內灣車站的後方、鐵道的另一側,在櫻花樹圍繞的日式平房裡,至今仍有人民保母在世界內容

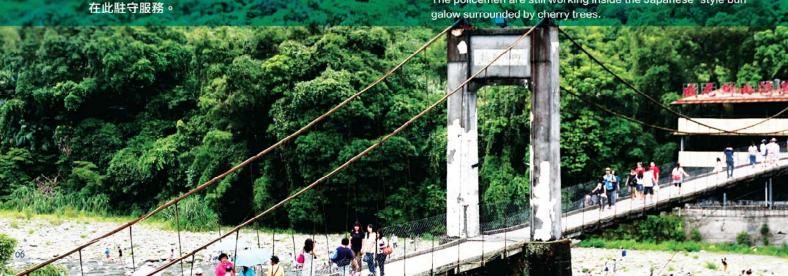

In Taiwan, hundreds of small towns flourished because of the prosperous business of mining and logging but had declined as time passed by. Neiwan luckily wins a second chance to get back its glorious days. On weekends, trains operate between Zhuzhong and Neiwan, which is called the Neiwan branch line, to send lots of visitors back to the town. It accidentally becomes a railway fan's favorite route because of its reminiscence and poetry.

The elders from Neiwan told us that Youluo rivulet meandered through the Hengshan Township and formed a crescent topography aside from the mountain. That is how Neiwan got its name from. Walking on the Neiwan and Panlong drawbridges hanging over the Youluo rivulet, you can see the breathtaking views of the entire valley.

The Neiwan Train Station was launched around 1951 and is the terminal station of the TRA's Hsinchu-Neiwan branch line. It was built to transport agricultural products, minerals and woods in the past but now serves as a starting and finishing point for a trip traveling around the town. The renovated modern buildings still retain a bit of old day's down-to-earth flavor.

Getting off the train with an EasyCard and turning to the left, you can stroll to the Neiwan drawbridge, the Neiwan elementary school or the Liu Hsing-Chin Comic Museum within 10 minutes. You can also access

to the Neiwan historical district, the Neiwan Theater, the Catholic Church and the Neiwan Police Station by making a right turn. Visitors can tour around the town and easily find the way returning to the station. The building of the Neiwan Police Station stands high behind the train station and across from the railway. The policemen are still working inside the Japanese-style bungalow surrounded by cherry trees.

油羅溪的河岸風光、鐵道和林業歷史,累 積成內灣深厚的底蘊;而民國五十年代名 漫畫家劉興欽筆下的阿三哥、大嬸婆、機 器人的生活趣事,畫的就是早年橫山鄉內 灣的生活縮影,憨厚的阿三哥、熱心的大 嬸婆、淘氣的機器人,不僅見證內灣昔日 的美好與純樸,也成了內灣商圈發展協會 的象徵人物,為觀光小城增添趣味。

坐落在內灣後山的劉興欽漫畫暨發明館, 典藏民國五十年代的劉興欽漫畫與發明作品,這處凝聚舊時歲月的景點,今年二月 在九讚頭文化協會主導下,請來好客好品 希望工場、台灣水色靚布工作坊進駐,重 新打造、賦予嶄新的氛圍,除了深受喜愛 的大嬸婆、阿三哥、機器人雕像變成園區 的另類裝置藝術,充滿在地趣味與手感的 文創空間、人文餐飲、特色商品,也再度 豐富了山城的內涵。

緊鄰劉興欽漫畫暨發明館的內灣國小,風 景怡人、草木扶疏,每到假日宛如遊人的 自然公園,操場四周有油羅溪的溪石砌成 的坡崁,角落裡還有一組蒸汽火車造型的 「內灣線」遊憩設施,教室外圍的百年桂 花樹,夏夜裡清香飄送,格外醉人。

內灣老街全長約兩百公尺,昔日是往返尖石鄉的要道,歷經繁榮、蕭條,再因1995年經濟部推動的形象商圈及商店街計畫,成功轉型為觀光景點,現今的「內灣老街形象商圈」以中正路為中心,四周分別延伸到大同路、光復路、中山街、和平街、廣濟路,老街上,錯落著各式各樣的傳統木造街屋、日式文化黑瓦覆蓋的屋頂,深具歷史意義。

現存的內灣天主堂又名內灣聖堂,超過七十年歷史,對於當時從事危險伐木、採礦工作的內灣鄉民,扮演了精神寄託的要角。而1950年落成的內灣戲院,也曾讓上千名內灣村民、上萬名在礦場山林辛苦勞動的異鄉人,心情得以慰藉,現時雖為商業氣息濃郁的商舖與客家風味餐館,可一邊欣賞老電影,一邊品嚐客家料理的賣點,倒也新奇有趣。

客家媽媽的野薑花粽、紫玉菜包、黑糖發糕、粄條、金桔醬等傳統手工美食,在內灣老街眾多外來小吃壓境下,仍是旅人嚐鮮的首選,富含茶葉、芝麻、花生香的擂茶,和香 Q 彈牙的花生麻糬入口後,樸實的山城歲月也駐留在美好記憶中。

The scenery of the Youluo rivulet and the histories of railway and forestry have accumulated profound charms for Neiwan. In the 60s, a comics book artist, Liu Hsing-Chin, drew many famous characters to depict the life of early days in Neiwan, such as A-San with a straightforward nature, Auntie Big who is an ardent woman, and the naughty Robot Man. They not only show us the goodwill and virtues of the old days of Neiwan, but also play the symbolic figures to represent the Neiwan Business Development Association.

The Liu Hsing-Chin Comic Museum collected a number of his comics and inventions created in the 60s. This museum was renovated by the JiuZanTou Cultural Association which invited the New Hakka Cultural Park and the New Taiwan Vision Fabric to join together to deliberate a fresh ambiance of the Hakka culture. In addition, the cartoon figures of the beloved Auntie Big, A-San and Robot Man have become particular installation art-pieces within this area. The cultural-creative spaces, fine restaurants, and a variety of special local collectibles also enrich this little town.

Next to the Liu Hsing-Chin Comic Museum is the Neiwan Elementary School. The beautiful scenery attracts lots of visitors on weekends and makes it like an exotic park. The school's playground is covered with pebbles and gravels from the Youluo rivulet. A set of the steam locomotive model of the Neiwan line is installed on the corner of the school. Many hundred-year-old sweet olive trees are planted outside the classroom and bring a floral scent during summer nights.

The Neiwan historic street, length of 200 meters, used to be the main way to commute to the JianShih County. It experienced both prosperous and desolate times and was successfully transformed to a tourist site under the Shopping Area Image Program which was promoted and implemented by the Minister of Economic Affairs (MOEA) in 1995. The new shopping area is centered on ZhongZheng Road, extended to DaTong Road, GuangFu Road, ZhongShan Street and HePing Streets. Many traditional wooden town-houses with the roof covered by the Japanese-style's black tiles are scattered on the streets and have marked a deep historical significance.

The Neiwan Catholic Church is over 70 years old and symbolizes a spiritual sustenance for hardworking mining and logging workers in the past. The Neiwan Theater, built in 1950, played a significant role to emotionally supported and comforted thousands of villagers and foreign workers. Even though these places have transformed into profitable business, such as shops and restaurants, they are still very entertaining and laid-back when you come and watch an old movie while indulging in delicious Hakka meals.

Assorted traditional gourmet cuisines, such as ginger flower rice tamale, vegetable buns, brown sugar steamed sponge cake, rice flour lath and kumquat jam, are still visitors' top choices despite the fact that different external snacks are imported to sell here. Sipping the Hakka Lei Cha, containing the flavors of loose tea leaves, sesames and peanuts, together with peanut rice cake, allow us to appreciate how simple life could be in the mountain.

# 合興車站 守候馬永戀情

### The Hexing Station watches timeless nomance

與內灣及富貴站相隔的合興車站,數十年前促成了一對高中男女的純純戀情,兩人最終開花結果結為恩愛夫妻,數十年後,當合興車站面臨廢站的命運時,這對老夫妻不僅認養車站,還出資維修,成為戀侶口耳相傳的愛情火車站。

The Hexing Station, next to the Neiwan Station, helped bring together a young couple's pure romance decades ago. After many years, when the station faced an abolishment, this couple stood out and paid for maintenance. They keep the Hexing Station's business afloat. Now the Hexing Station has become a well-known station of love for couples.

找個尋常的小日子,和心愛的另一半來到新竹橫山鄉力行村的合興車站,不用刻意準備鮮花禮物,車站平靜恬淡的 氛圍自然能討好對方,拉近兩顆心的距離。

1958 年,就讀新竹高中的曾春兆,在火車上認識了隔壁 學校的女孩彭智惠,為了不錯過和女孩的友誼,曾經從合 興車站沿鐵軌追火車跑了兩公里,後來終於在下一站九讚 頭趕上火車,讓兩人戀情有了美好的結果,也促成夫妻倆 認養火車站的美好緣分,讓古色古香的候車室、紅色行車 控制室、臂木式號誌機、鐵軌以及月台上的龍柏樹得以完 整保存,見證更多的戀情,而這段「追火車的故事」,也成 為愛情候車站最為人津津樂道的傳說。

由於合興站地處山坡地,早年的車站屬於典型的「之」字型折返式車站,一如阿里山火車,誰也沒想到,舊名「十分寮」的合興站,早年曾為運輸冷冰冰的水泥而建造,1999年台灣水泥停產,合興的光芒也隨之黯淡。當年廢棄的鐵軌如今和新建的許願鐘、勇氣塔、長長 99 月台、小婚禮廣場、愛情月台,共築成「愛情・合興車站」公園,每個角落都能看到戀人、好友、家人拍照,氣氛溫馨浪漫。

停放在公園內的兩列台鐵舊車廂,成為「小甜心」冰飲空間,可以小憩看漫畫、暢飲愛情氣泡水、享用愛情小點心和創意冰淇淋;而合興車站的故事和歷史價值,也感動了無數人們,在木造老車站站房內,逛逛精心設計的愛情護照、愛情明信片、天然浴鹽、氣味迷人的植物皂,讓合興車站美好的人事物,繼續傳遞出去。

Flowers or presents are not necessary when you come visit the Hexing Station with your loved one on a casual day. The relaxing atmosphere at the station would bring you two closer.

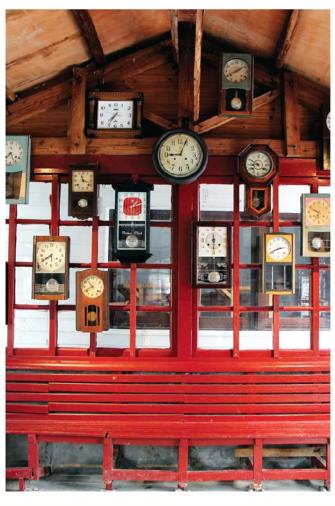

In 1958, Tseng Chun-Chao met a girl on the train. He chased the train along the railway tracks for two kilometers and finally got aboard the train at the next station, as he wanted to keep in touch with the girl. Their love grew and the romance was concluded with a happy ending. Fate and the station brought them together, so they were striving to rescue the station decades later when it was forced to close. The antique waiting room, the red control room, the railway semaphore signal, and the dragon juniper tree on the platform are all well maintained to keep watch for more romantic stories The "legendary love of train chasing" has become the most famous romance ever since.

The Hexing Station, built on a slope, is a typical Z type switchback (Zig Zag railway) just like the Alishan Forest Railway. It used to be named as "Shihfenliao Train Station" and was constructed to transport frigid cement and concretes. In 1999, Taiwan Cement Corp. stopped the cement production, and the closedown deserted the station. But now, the authentic railway tracks with newly built wishing bell, the bravery tower, the long-lasting platform, the little wedding plaza and the romance platform have transformed the old station to a new pastime destination: the "Love · Hexing Station" park. It has since attracted many couples, families and friends taking pictures at every corner.

Two old train carriages stationed in the park have become the "Little Sweet Heart", an ice and snack shop, for visitors as a pit stop. Visitors can read some comic books, order a bottle of sparkling water and enjoy ice cream here. The historic value of the Hexing Station attracts many tourists to come and visit the old wooden building. Inside it, people can shop the elaborately designed love passport, postcards and bathing salts, letting the charm of those great stories of the Hexing Station passing on to the others.

# 紐約中央車站與台鐵新竹車站 地球兩端溫暖接軌

皆創建於西元 1913 年的紐約中央車站、台鐵新竹車站,各於 2013 年舉辦建站百年慶祝活動,以推廣大眾運輸為服務理念,雙方車站亦於同年締結為姊妹車站,由紐約大都會運輸系統中央車站站長 Steve Cupelli、台灣鐵路管理局新竹車站站長黃榮華,和紐約大都會運輸系統北方鐵路段總裁 Howard Permut、新竹市市長許明財共同見證,在紐約市簽署姊妹車站聯合聲明。

常出現於好萊塢電影的美國紐約中央車站,復古建築氣勢磅礴,由美國鐵路大王范德堡家族(Vanderbilt) 出資興建,每日運輸人潮包括來自世界各地的旅客, 是全美最大、也是世界最大公共建築空間的火車站, 兼具藝術與實用價值。

新竹車站則充滿著豐厚的人文色彩,百年前以巴洛克風格、結合哥德式建築,特色為屋頂矗立的四面鐘塔,成為日據時期重要的實驗建築物,也影響了隔年 1914 年東京火車站的設計風格。新竹火車站建築設計者為日本人松ヶ崎万長,將留學德國期間的建築所學,運用在明治維新時期,設計出基隆火車站及新竹火車站等建築作品;而東京車站建築設計者辰野金吾,正為其得意門生。

相關締結姐妹車站事宜,可以跨越時空的距離,是建築與運輸的美談。 **3466**

## 台鐵高鐵快樂轉乘

### 紙箱王 美食的創意小站

位在高鐵台中站和台鐵新鳥日站銜接的 2 樓,有一座餐廳,是用紙箱做成的!紙箱,可以是禮物,可以裝東西,彷彿用瓦楞紙,就可以做出一個幻想中的秘密基地,而這個童趣的實現,就在「紙箱王‧鳥日店」。

好大的壁虎!但是紙壁虎一點也不嚇人,它就攀附在餐廳門面的外牆,一旁的孩子大叫:「火車耶!」餐廳外觀以火車頭、火車站的擬真造型,一下子就擄獲了孩子們的心,佔地寬廣的空間裡,宛如鐵道迷的殿堂,以紙箱做創意,構築了火車車廂座椅、鐵路平交道等用餐空間或造景,座位下方還有車輪與鐵道,在這裡彷彿童夢成真,多款菜餚讓人吃得歡欣。

採光良好的餐廳內,最吸引人的莫過於龍騰斷橋的紙箱創意造型,以精彩的景深呈現了攝影愛好者龍騰斷橋的樣貌,孩子們看得瞠目結舌;而喜愛火車,可以選在靠窗的座位區,在這裡可以看見鐵道,坐在虛擬火車餐廳裡,看著一列列火車奔馳而過,魔幻寫實的情境,有趣極了!

# 台鐵天使 鄭淑君的平常心

那天,乘客中有位賣玉蘭花的老伯伯,他沒有了雙手,鄭淑君知 道伯伯餓了,於是騰出空來餵他吃飯,但她真沒想到,這段網友 拍下的畫面讓她成為「台鐵天使」,在新聞喧騰了好幾天。

然後問她在那之後有什麼不同?她笑了笑:「就平常心啊!旅客就像是我們的家人與親友。」17年前,鄭淑君的同學找她去考了台鐵的車服員,17年後,她依然帶著燦爛微笑,推著有點沈的服務車,彎腰詢問旅客:「請問您需要什麼嗎?」

「曾經有旅客在車上昏倒或是發生各類狀況,我們還會負責廣播詢問列車上有沒有醫護人員,並且立即回報列車長,看如何最快安排乘客就醫。」車服員工作內容瑣碎卻重要,且需要機動的敏銳度,但她說起什麼都是清清淡淡且不疾不徐。月台上有乘客拿著票,迷失了方向找到她,她靜靜傾聽後,簡短語句為乘客解惑;除了她身上穿的制服,讓人安心的是她散發出來的溫暖氛圍。

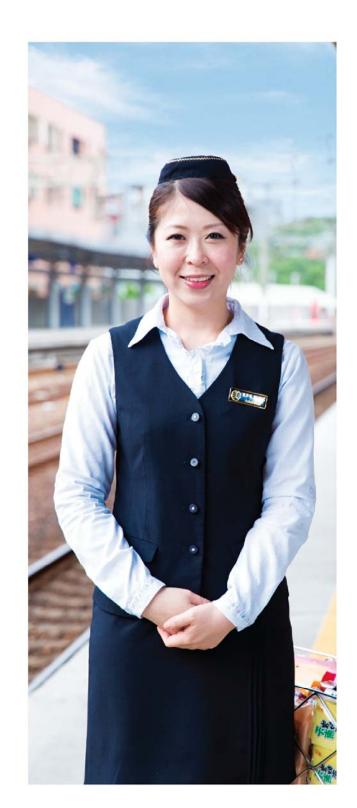

每天看著這麼多旅客去玩,鄭淑君自己喜歡鐵路旅行嗎?「有噢, 我搭過火車去花蓮和台東玩,那裡很適合多待幾天,慢遊感受旅 行的美好。」和她揮手道再見,這一天的勤務,火車將開往她喜愛 的台東。

而有許多台鐵天使,就像鄭淑君這樣,守候在乘客的身邊。平常心~祈願每日平安如常的真心,很簡單,卻很珍貴 ••••

- 1 微笑,是鄭淑君 17 年來面對繁忙工作 的秘訣。
- 2 平常心的服務態度,是台鐵天使鄭淑君不變的堅持。

### 仲夏寶島號花東行 2014 SUMMER FORMOSA

搭乘蒸汽火車旅行,是最令人難忘的回憶。

2013 年為台鐵 CK124 與 JR 北海道釧路支社 C11 型蒸汽機車締結姊妹列車 1 週年紀念, CK124 仲夏寶島號特於 8 月23 日懸掛紀念車頭銘板,首度結合森鐵蒸汽列車,開行郵輪式列車「雙鐵(臺鐵+森鐵)之旅」行程,不僅是台鐵郵輪式列車行程結合森鐵觀光旅遊之創舉,此次斗六行駛至嘉義站的風光旅程,獲得民眾空前的迴響。

台灣鐵路管理局運務處副處長彭坤炎表示:「考量到蒸汽火車的維修與養護狀況,每年運行的機種都會做調整,目前每班次提供大約 240 到 300 席次,來年希望可以服務更多旅客,今年度選行花東,這裡的自然景觀、人文環境都適合造訪。」

2014年台鐵「仲夏寶島號」開行 2 週年,由 CT273 接棒舉辦「仲夏寶島號 CT273 漫遊花東」,於 8 月 7 日起共 3 天,開行玉里至台東蒸機專列,讓民眾飽覽自然景觀及人文風貌。下午 13:05 從花蓮玉里站發車,分別停靠池上站、關山站、山里站,於 17:15 抵達終點台東站。

彭坤炎說:「我自己在搭乘過程中,看到曾經搭乘蒸汽火車的年長者,帶著他們的兒孫輩一起來,長者尋找復古的回憶,小朋友體驗新鮮的旅行,這種傳承令人感動。期待2015年8月7日到8月9日希望有更多國際旅客都來搭乘『仲夏寶島號』,在定期定線的旅行中,體驗台灣鐵道文化的資產,這也是國家重要的動態文物資產。」

## 造橋車站 秋涼清新古蹟之旅

日式建築的典雅靜謐,交錯在蓊鬱庭園的小徑,涼風徐徐的 秋日,一場療癒之旅在苗栗造橋車站恬靜開啟。

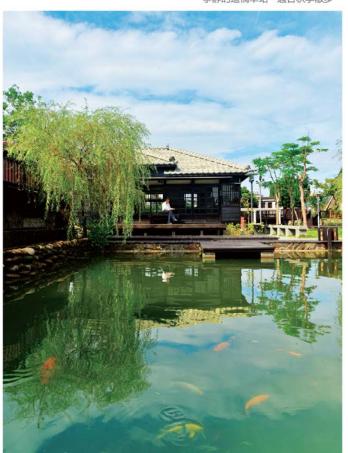

山城中寧靜的造橋車站,有著復古簡約的車站外觀,走在月台上的天橋,深吸一口乾爽的甜美空氣,瞧見不遠處有幾座日式建築,原來當年驛長宿舍的日式建築群,重建後正靜待 有緣人到此相會。

2013 年 9 月 18 日,台鐵於造橋車站南側廣場日式宿舍區,舉行「造橋古驛閒置宿舍木屋群整修再生計畫」的竣工典禮,昔時由竹南站管轄的造橋車站主管宿舍,興建於 1938 年,做為當時火車站站長(日文為驛長)山藤正朝及主管級鐵道員工的宿舍,全宿舍區以台灣檜木建成,是當年驛長宿舍的日式建築典型代表。

至 1981 年站長搬離後,因無人居住、年久失修,而使得整區 驛長宿舍、助驛宿舍、站務員宿舍等雜草叢生,後由造橋鄉公所推動造橋街區社區規劃重新翻修,火車站庭院宿舍區以嶄新的休憩空間呈現,煥然一新中仍保持著古樸典雅、詩意盎然的情境。

間步其間,享受秋日慢遊的好心情,在日式建築與小橋流水中,彷彿走在一頁頁的歷史中,院區內有一座水井,據說建於大正時期的 1916 年,是本地第一口水井,爾後人口繁盛不敷使用,一旁建於 1936 年昭和時期的過濾水塔,水源自苗栗站由火車載運至此,站方開放民眾來取水;一段關於水和火車的小故事,讓人體驗到飲水思源的時代傳承之美。

寧靜的造橋車站,適合秋季散步。
